Hi Everyone,

Please see polling questions below. Unfortunately we need responses to these questions submitted by 11 am this morning. Sorry for the late deadline - this request was sent out last night.

Please let Cardell and me know if you have any questions.

Thanks,
Mike

#3 Pebble Mine -- Question on the process. She is not opposed to the mine itself -- in fact she has not taken a position. But she wants transparency and a peer review of the science. She does not want the Agency to pre-empt the mine before there is even an application.
